BITS & PIECES -

Next WRTC (2014) on the East Coast of the U.S. -
September 9, 2010
After studying and discussing two thorough proposals to host WRTC
2014 by a team from New England, USA and a team from Bulgaria, the WRTC
Sanctioning Committee (WRTC SC) has granted the organization of WRTC
2014 to New England, USA. All members of the WRTC SC were convinced that
either group would provide competent and trustworthy sponsorship. Making
the decision to award the organization of WRTC 2014 was very difficult.
We also thank both teams for their interest and for sharing their vision
for WRTC - it is a pity that only one could be selected.
The Committee will work closely with the New England group to help
find solutions for questions and problems as they arise. Further, the
Committee encourages the Bulgarian team to pursue its interest in future
WRTC events and support WRTC 2014 with suggestions and ideas from the
European perspective.
We encourage all radiosport participants around the world to extend
their congratulations and support to the organizers of WRTC 2014 - we'll
see you there!
